Any player lucky enough to be selected for any of the above matches will be notified ahead of time via email.

We are lucky enough to have a good number of players eligible for consideration to play at U25s level within the county of Hampshire.

Please do not be disappointed if you are not selected to play in the above-mentioned matches in the 2024 season, throughout the course of my 3-year tenure, positions will become available, which will allow others to show their true ability and potential, thus giving reason to be included in the U25s set ups moving forward.

As I try to install in all players, at all levels, do not give up and say, "what is the point"?

Continue to play your best bowls, and ask the question, "how can you leave me out"?
